# HOW TO USE THIS

## CAMPING TRIP PLANNING KIT

Thank you so much for your purchase! You are appreciated!

This printable camping trip planner kit is designed to suit your and your family. While not every single printable page will be relevant to your trip or may suit some trips and not others, it is designed to give you options that will help you plan and organise all future camping trips as well!

You can print the entire set or you can choose just to print the pages you wish to use.

Create your own camping trip planning binder by adding them to a ring binder or clipping them together to create a book.

Many of the pages can be reusable. I like to print many of the checklist pages and laminate them (or put them inside a plastic sleeve) before adding them to my binder and use dry-erase markers to fill in the details. When you need to edit them, you can wipe them clean and update them.

Other pages are suited to take with you on your camping trip so you have all your booking and planning details in one place, even if you leave the rest of the binder at home.

The best part is you can make it work for you and your next adventure!

HAPPY CAMPING!

# FOOD TIPS

## FOR YOUR CAMPING TRIP

You're ready to venture out into nature and enjoy a few days in the great outdoors. Yay! This meal planner will help you prepare your camping meals. Here are some more tips to help you prep ahead:

### **STORING YOUR FOOD ON THE ROAD**

You will need a good-quality large cooler to keep your food from spoiling. Depending on the size of your group, you may need more than one to store all your perishable foods.

**TIP:** *Avoid opening your cooler unless it's absolutely necessary! This will keep food chilled longer.*

### **COOKING ON YOUR TRIP**

Unless you are camping in winter and want lots of hot food to keep you warm, a few no-cook meals will save you loads of time on your camping trip. As well as making ahead some of your meals.

And don't forget lots of snacks!!!

# CAMPING GAMES

## FOR THE WHOLE FAMILY

**These fun camping games don't require any props or equipment to play, making them perfect for the whole family!**

### **TWENTY QUESTIONS**

You can shorten the number of questions for younger kids, but the goal is to ask a number of questions to each player that must be answered truthfully. It's just like Truth or Dare minus the dares.

This game is a great way to get to know your family and pass down stories from your childhood. It's bound to get conversations started.

### **TRUTH OR DARE**

Truth or Date is one of the easiest campfire games to play. You've probably played before, but just in case, the game goes as follows. The first player chooses a person to ask the question, "Truth or Dare?".

If the person selects the truth, the first player may ask him or her any question, and they must answer truthfully.

If the person selects a dare, he or she must do whatever the first player dares them to do.

## I SPY

Not just for car rides, this game works anywhere! The first player says, "I spy with my little eye something..." then fills in the blank with colour, texture, or other description. The person who guesses the object correctly gets to take the next turn.

## ALPHABET GAME

Starting with the first letter of the alphabet, each player needs to give an answer to your theme for each letter. Except your answer needs to be different from everyone else's to count!

For each player who gets a unique answer, you get a point for that round and the winner is the person with the most rounds at the end of the alphabet.

This camping game can be done with collections of almost anything – foods, places, clothing items, movies, etc.

## THE ANIMAL GAME

Starting with the letter A, players take turns naming an animal that begins with each letter of the alphabet.

For a really challenging game to play while camping, go around in the circle with each person answering for a new letter and the next person must remember every other letter answer as well as add their own answer for the next letter.

For example, if you are E, you must also remember what the other campers said for A through to D before you can answer your own.
